

The background of the page is a high-contrast, blue-tinted photograph of a washing machine drum. The drum is filled with water, and the image captures the motion of the water splashing and bubbling. The lighting is dramatic, highlighting the textures of the water and the metallic surfaces of the drum. The overall effect is one of dynamic energy and thorough cleaning.

CLEANING SOLUTIONS

WELCOME

Rozone has been developing innovative cleaning solutions to both every day and more complex problems since its establishment at the end of the last century. We solve problems that have traditionally been the preserve of effective but potentially hazardous chemical products, replacing these with water based or safer solvent based solutions, offering protection to users and environmental benefits to the organisations using them.

Our customers can be guaranteed that if it is a Rozone product, it will have a lower environmental impact than traditional alternatives and it will assist compliance with legislation. As trusted advisors we aim to help companies:

- ▶ Raise the standard of presentation
- ▶ Provide efficient methods of cleaning
- ▶ Reduce waste production
- ▶ Cost Control: Best Practice in cleaning and presentation can save and make you money
- ▶ Health & Safety: Improve work environment and safeguard employees
- ▶ Environment: Lower impact on the environment

As a result of this, we've been successful in major projects and have a strong customer base, from blue chip organisations to specialist cleaning companies. Our products are used in a vast array of industry sectors - from our heritage in automotive and engineering workshops, we've expanded to see Rozone products being used in hi-tech manufacturing, fire and flood restoration, commercial kitchens and a variety of sectors.

Our range of own formulation chemical products, have all been designed, formulated and manufactured in our UK plant to a constantly high standard with quality control and full traceability across all lines. Wherever possible we use the latest available proven technologies within our formulations and products, with our team of chemists and microbiologists constantly exploring what's possible. All the raw materials used in our products are REACH compliant and we are fully aware of our legislative obligations and requirements - using Rozone's cleaning products on a regular basis means you have an element of compliance built in.

We've learnt over the years that use of correct application equipment can have a huge effect on the efficiency and efficacy of cleaning operations, and that's why we don't just supply the cleaning product itself. We have a range of cleaning machines, application equipment and ancillary goods to compliment our chemicals so your cleaning operations can be performed to the highest standards.

LEADERS IN...

WORKSHOP CLEANING & MAINTENANCE

Whether your workshop is an engineering environment, manufacturing, plant hire or maintenance / repair we have a fit for purpose range of cleaning solutions that deliver the best results time after time. Our solutions have been developed to effectively, clean, protect and restore whilst safeguarding the wellbeing of technicians, ensuring efficiency while at the same time lowering costs and the impact on the environment:-from all-purpose maintenance sprays and penetrants, to cleaners and degreasers for electric sensitive areas, restorers for plastics, vinyl and coated surfaces and water-based alternatives to cellulose thinners and paint strippers.

VEHICLE CLEANING & CARE

Maintaining a clean fleet is as important to your company image as your logo or even your customer service. Whether you operate a large fleet of vehicles or a small fleet, Rozone has a comprehensive range of quality traffic film removing detergents (TFRs) and associated vehicle cleaning products such as chassis cleaners, food safe sanitisers and interior valeting products for customers wishing to maintain their own fleet appearance & brand image.

FLOOR CLEANING & CARE

From oil stains on concrete and tarmac forecourts to removing stains from carpets and upholstery we have a comprehensive range of floor cleaning products for both interior and exterior applications that can be applied manually or via floor scrubbing machine.

FIRE & FLOOD RESTORATION

Rozone has exceptional understanding of the unique challenges associated with fire, smoke and water reinstatement and odour removal. This is borne from over 30 years experience in the formulation and supply of chemicals specifically designed to address these problems.

Our industry know-how enables us to create class leading solutions for the restoration industry that effectively clean, protect and restore:- from cleaners and degreasers to sanitisers, odour neutralisers, smoke encapsulation, corrosion control and surface finishing products.

COMMERCIAL KITCHEN CLEANING

Our Commercial Kitchen cleaning products have been developed to effortlessly remove tough grease and grime from kitchen surfaces, appliances, ducts, vents, floors and even ceilings. Our Duct-Tech® range includes disinfectant, polish, duct cleaning gel and restorer cleaning solutions – leaving a spotless finish. Safer, easier... it's a dirty job. Why do it the hard way?

**WORKSHOP
& MAINTENANCE**

MAINTENANCE SPRAY/PENETRANT

- All purpose maintenance spray for dewatering, light lubrication, anti-corrosion
- Frees seized joints and threads
- Corrosion protection
- Leaves a high lubricant film on sensitive metals

SIZE: 6 X 500ml 2 X 5Ltr
CODE: 22001138 22001139

ELECTRIC SAFE SOLVENT DEGREASER

- Combined cleaner/degreaser
- Use on electric sensitive equipment
- Dries quickly
- Low flammability and toxicity
- High purity-very low residues
- Powerful blend of high solvents

SIZE: 6 X 1Ltr 2 X 5Ltr
CODE: 22001140 22001141

FINAL DRESSING

- Restores plastics, vinyl, coated surfaces-nearly new look
- Quick and easy finishing of surfaces and equipment
- Excellent economy in use
- Removal of oil marks/light contamination

SIZE: 6 X 500ml
CODE: 22001144

RTU HARD SURFACE CLEANER

- Powerful detergency for the toughest grease and grime
- Mild non-caustic formula
- Safe on plastics and metals
- Pleasant fragrance

SIZE: 6 X 1Ltr
CODE: 22001145

PLASTIC CLEANER/RENOVATOR

- Removal of ingrained soiling, scuff marks, glues, gums
- Penetrates quickly to loosen and lift soiling
- Thickened formula provides long contact time
- Rinses quickly and easily

SIZE: 6 X 500ml
CODE: 22001146

PLANT CLEANER CONCRETE

- Safe, efficient removal of concrete residues from plant machinery
- High foam-longer dwell time, prolonged action
- Safer alternative to hydrochloric and phosphoric acid
- Safe on most metals and will not corrode steel

SIZE: 20Ltr
CODE: 22001404

-  pH Level
-  Mechanical
-  **Sprayer**
Foam-Matic

See page 33

GUN CLEAN

- Water based alternative to cellulose thinners and paint strippers
- Non-flammable and non-toxic
- Suitable for wide range of paints and coatings
- Softens old dried-on deposit
- Rinses away in water

SIZE: 2 X 5Ltr
CODE: 22001142

-  pH Level
-  Solvent
-  Manual

PRESSURE WASHING CLEANER ECONOMY

- Economy and low cost.
- For cleaning vehicles, workshop and plant equipment with corrosion control
- NTA-free, safer to use
- Biodegradable formulation
- Versatile-manual or pressure washer application

SIZE: 20Ltr 205Ltr 1000Ltr IBC
CODE: 2001149 22001150 22001151

-  pH Level
-  Water

HEAVY DUTY TRAFFIC FILM REMOVER (TFR)

- Excellent all purpose heavy duty powerful traffic film remover and degreaser
- Heavy duty application for commercial and heavy fleet cleaning, mot work and plant vehicle
- Super concentrate, excellent economy in use
- High foam formulation, enhanced detergency
- Low caustic formula, better rinsing, better safety
- Brush wash, pressure washer and pre-sprayer application

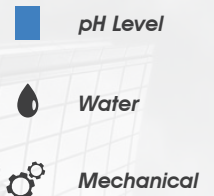

SIZE: 20Ltr 205Ltr 1000Ltr IBC
CODE: 22001102 22001103 22001104

BRUSH WASH

- Blend of neutral detergents and surfactants
- Use with vehicle brush wash equipment
- High concentration formula
- Hand wash application
- NTA-Free, safer to use
- Optimised performance, minimised cost
- Biodegradable formulation
- Lubricating surfactant helps prevent brush abrasion

SIZE: 205Ltr 1000Ltr IBC
CODE: 22001196 22001197

PREMIUM FLEET CLEAN WITH WAX

- NTA free
- Excellent performance on all vehicle types
- Biodegradeable formulation
- Gleaming finish
- Highly effective cleaner with good rinse properties
- Built-in wax
- Hot or cold pressure washer application

SIZE: 20Ltr 205Ltr 1000Ltr IBC
CODE: 22001099 22001100 22001101

HAND WASH & GLOSS

- High shine vehicle shampoo for manual cleaning
- Concentrated blend of synthetic detergents and advanced glossing polymers
- Leaves long-lasting shine
- Added lubrication reduces grit scratching
- High foaming formula
- Easy rinse formula

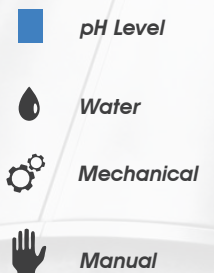

SIZE: 2 X 5Ltr 20Ltr 205Ltr
CODE: 22001108 22001109 22001110

FLEET CLEAN PREMIUM NC

- Caustic free - safe to use, will not dull paint work
- Synergistic blend of detergents to give excellent performance on all vehicle types
- Streak free finish
- Fully biodegradable formulation
- Versatile - manual or pressure washer use

SIZE: 20Ltr 1000Ltr IBC
CODE: 22001440 22001412

FLEET CLEAN PRE-SPRAY

- Highly effective, multi vehicle pre-spray
- Suitable for oil separators
- Safe for food vehicles
- Hot or cold pressure washer application
- Low chemical consumption
- Safe on delicate paintwork
- Ideal for cleaning plant equipment, tractor units, rigid box vehicles, curtain sliders, painted trailers

RES SANITECH

- For sanitising and odour control in non-food environments, controls contamination post flood and carries a fragrance Contains three broad-spectrum biocides
- Passes the latest and most stringent European Standards and conforms to EN13697 and EN1650
- Safe and effective disinfection and odour control
- Effective even against resistant organisms e.g. Psuedomonas aeruginosa and Aspergillus niger
- Contains a pleasant fragrance to mask musty odours
- Must be diluted before use

SIZE: 2 X 5Ltr
CODE: 22000765

RES SANITECH FOOD SAFE

- For sanitising and odour control in food processing environments and kitchens where you don't want to leave any taint or fragrance
- Highly effective disinfection for food preparation
- Contains three broad-spectrum actives
- No odour, no contamination risk, must be diluted before use
- Effective even against resistant organisms e.g. Psuedomonas aeruginosa and Aspergillus niger
- Passes the latest and most stringent European Standards and conforms to EN13697 and EN1650

SIZE: 2 X 5Ltr
CODE: 22000767

RES ODOUR TECH READY TO USE ORCHID

- Multi-function odour neutraliser
- Suitable for spray, wet and both hot and cold fogging
- Suitable for settling soot particles out of the air and shares all the benefits of odour control
- Physically binds odourant molecules preventing their release
- Effective against majority of odours
- Suitable for use on wide range of fabrics and soft furnishings

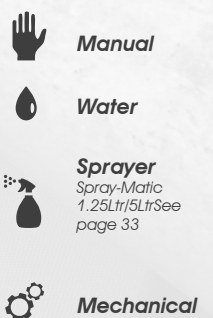

SIZE: 2 X 5Ltr
CODE: 22000759

RES ODOUR CONTROL CONCENTRATE

- Multi-function odour neutraliser
- Neutralises odour at particle level
- Effective against majority of odours
- This product removes odour without leaving persistent chemical odour
- Highly concentrated formula
- Suitable for wet fogging
- NOT SUITABLE for Thermal Fogging
- Can be used with equipment such as carpet extractor and washing machine
- Can be added to cleaning solutions
- Can be used in most applications including carpet cleaning

SIZE: 6 X 500ML
CODE: 22000758

RES CITRI TECH

- For galvanised steel cleaning and stainless steel corrosion removal and cleaning
- Can remove rust and limescale amongst many other items
- Safe but powerful acidic de-scaler and rust remover
- Thickened formula gives prolonged contact time
- Contains corrosion inhibitors for added protection

SIZE: 2 X 5Ltr
CODE: 22000747

RES DERUST

- Corrosion removal for mild steel, aluminium and certain other alloys
- Removal of corrosion, atmospheric tarnish and de-scaler (hard water)
- Designed for commercial industrial jobs and should rarely be used on domestic jobs
- Excellent for single stage cleaning and de-rusting
- Will remove grease and oil marks during use
- Safe on mild and stainless steel

SIZE: 2 X 5Ltr
CODE: 22000749

RES MAINTAIN

- For light corrosion control immediately post fire and flood
- Ideal for dewatering, release and lubrication
- Multi-purpose maintenance spray
- Will generally only be used in industrial applications
- Excellent penetrating: frees seized joints and threads
- Corrosion protection
- Leaves a light lubricant film on sensitive metals

SIZE: 6 X 500ml 2 x 5Ltr
CODE: 22000941 22001235

RES PLASTIC & COATING RENOVATOR

- For general spot cleaning on water washable surfaces and renovation of plastics
- Removes scuff marks and sticky tape residue, ingrained soiling, glues and gums
- Penetrates quickly to loosen and lift soiling
- Thickened formula provides long contact time
- Low toxicity, low VOC-safer to use in confined areas
- Water based formula rinses quickly and easily

SIZE: 6 X 500ml
CODE: 22000913

RES SURFACE ENHANCER

- For restoration and enhancement of furniture surfaces eg. plastics, stainless steel
- Contains silicon, not to be used on French polished finishes
- Produces a bright resilient shine
- Quick and easy to use
- Resists re-soiling.

SIZE: 6 X 1Ltr
CODE: 22000775

COMMERCIAL
CLEANING

DUCT TECH GEL

- Formulated for the deep cleaning of kitchen extract duct systems
- Non-toxic, non-corrosive and pH neutral, spray-on gel formulation
- Cuts effortlessly through accumulated grease and oily deposits
- Gel saves labour costs, making duct cleaning more efficient and safer
- Eliminates risks of chemical burns

SIZE: 2 X 5Ltr

RES GREASE & CARBON

- Very high alkaline deep cleaner to combat resinous grease and carbon removal
- Removes the most stubborn residues of burnt on and carbonated grease
- Highly alkaline formula for fast action
- Attacks grease and oils and vegetable protein
- Suitable for kitchen and food facilities

SIZE: 2 X 5Ltr
CODE: 22000755

SEE OUR MACHINES BROCHURE FOR ADDITIONAL PRODUCTS

A black spray wand nozzle is positioned diagonally from the top left towards the center of the frame. The background is a textured, blue surface, possibly concrete or stone, with a vertical crease or joint visible on the right side. The overall lighting is dim, with a strong blue color cast.

SPRAYERS & APPLICATORS

HOBBY STAR

- The cost effective 5Ltr compression sprayer with 40cm spray lance with adjustable plastic nozzle
- Operating pressure 3 bar
- Ideal for surface spraying-allows precise and regular spray patterns with large droplet formation

COLOUR: UNIVERSAL (RED, BLACK, BLUE)
SIZE: 5Ltr
CODE: B11642801

Red
for acid chemicals

Black
for mineral
oil based solvents and
releasing agents

Blue
for alkali chemicals

SPRAY-MATIC

- 1.25Ltr handheld compression sprayer with brass nozzle and chemical resistant viton gaskets
- Ideal for surface spraying-allows precise and regular spray patterns with large droplet formation
- Safety valve and fixable push button

COLOUR: BLACK
SIZE: 1.25Ltr
CODE: B11613501

Black
for mineral
oil based solvents and
releasing agents

SPRAY-MATIC

- 5Ltr robust compression sprayer
- Operating pressure 6 bar
- Chemical resistant Viton gaskets
- Separate, large filling opening for quick filling, emptying and easy cleaning
- Ideal for surface spraying-allows precise and regular spray patterns with large droplet formation
