

Wet Paint

We provide complete wet-paint finishing solutions.

From component preparation before spraying, through to polishing or printing after spraying, and finish components for a vast variety of industries.

These industries include:

Automotive, Engineering, Drinks (Dispense), Industrial, Medical and more.

Our wet paint customer roster includes Bentley, McLaren, Rolls Royce, JLR, Aston Martin and Bugatti.

We use specialist clean booths / ovens and online paint tracks, so we can handle a large variety of parts; ranging in size and volumes, to simple or complex.
